DARSHAN AGRAWAL

FULL STACK ENGINEER

Email: darshanagrawal007@gmail.com | **Phone**: (+91) 87881 59713 **Availability**: Open to Remote | Full-time | IST · overlaps US EST mornings **LinkedIn**: linkedin.com/in/darshan-agrawal-012 | **GitHub**: github.com/darshan12-code | **Portfolio**: dashanagrawal-portfolio-kappa-ten-93.vercel.app

SUMMARY

Full Stack Engineer with 4+ years of experience turning complex business requirements into applications that actually work in production. Comfortable owning a feature from database to UI, with a track record of shipping faster, cutting manual work, and making data accessible to the people who need it. Curious by nature, quick to ramp on new stacks, and most at home when the problem is messy and the solution has to be clean.

CORE SKILLS

- **Frontend:** React.js, Angular, TypeScript, SCSS, D3.js
- **Backend:** Flask, Node.js, Express.js, GraphQL, Microservices
- **Cloud & Data Processing:** Azure Databricks, Azure Data Factory, CI/CD
- **Databases:** PostgreSQL, MongoDB, MySQL, SQL Query Optimization
- **Programming & Scripting:** Python (Flask, Databricks Notebooks, Data Processing)
- **Software Engineering:** Web Performance Optimization, System Design, Scalability, Software Deployment
- **Development Methodologies:** Agile, Scrum
- **Version Control & Tools:** Git, GitHub, GitLab, Bitbucket, Jira

WORK EXPERIENCE

FULL STACK SOFTWARE ENGINEER

Rhombuz – Remote, Seattle, USA *Promoted from Frontend Engineer · February 2023 – January 2026*

- Optimized **API performance**, reducing average response time by **~30%** and improving query execution across deployed services.
- Automated **telecom data workflows**, streamlining executive data checks and processing **16 public records** efficiently.
- Developed **26 KPIs**, integrating **React** frontend, **Flask** backend, and data processing pipelines while collaborating on business logic.
- Led **end-to-end** full-stack development, mentoring junior developers and ensuring seamless system integration.

FRONTEND ENGINEER

Rhombuz – Remote, Seattle, USA *December 2021 – January 2023*

- Optimized frontend architecture in **React**, reducing dashboard load times by **45%**.
- Redesigned UI components, refining CSS structure and visual elements for improved responsiveness across devices.
- Delivered **3+ key frontend projects** on schedule, improving feature rollout speed by **30%**.
- Adapted quickly to new technologies, picking up frameworks and tooling with minimal ramp-up time.

PROJECTS & CONTRIBUTIONS

KPI DASHBOARD FOR TELECOM

React · D3.js · Flask · PostgreSQL · Azure · 2023–2025

- Built a **real-time** KPI dashboard visualizing **26+ metrics** for a US telecom client using **D3.js** and interactive reports.
- Integrated **Flask** APIs with data visualization layer, enabling faster decision-making across business teams.

AUTOMATED DATA PROCESSING & EMAIL SCHEDULER

Python · Azure Data Factory · PostgreSQL · 2023–2024

- Designed a data extraction pipeline automating **75%** of manual processing across **16+ public records**.
- Reduced PDF processing time by **70%** and implemented an automated email scheduler delivering **real-time** executive reports.

ENTERPRISE UI COMPONENT LIBRARY

React · TypeScript · SCSS · 2022–2023

- Built a library of scalable, reusable **React** components adopted across multiple internal projects.
- Adopted across **3+** internal projects, reducing per-feature UI build time significantly. Even a rough estimate of adoption scale helps.

CLOUD MANAGEMENT DASHBOARD

Angular · Azure · CI/CD · 2022

- Redesigned the frontend of a cloud-based data platform in **Angular**, improving usability and accessibility.
- Reduced visualization latency, boosting overall system efficiency by **30%**.

EDUCATION

MASTER OF COMPUTER APPLICATIONS (MCA)

Sardar Patel College, Gondwana University June 2019 – September 2021 | CGPA: **8.96/10**

BACHELOR OF SCIENCE (INFORMATION TECHNOLOGY)

Sardar Patel College, Gondwana University June 2016 – May 2019 | CGPA: **5.03/6.00**

ACHIEVEMENTS

- Recognized for consistent high performance, receiving multiple **performance-based rewards** for delivering high-quality solutions.
- **1st Rank Merit** in BSc IT & MCA, Gondwana University.
- **3rd Prize (2018)** in Blind Code & Jam Programming, Beyond the Vision Computer Club.

PASSIONS & INTERESTS

- **Creative Arts & Digital Design** – Passionate about sculpting clay idols, painting, and digital sketching.
- **Strategic Thinking & Gaming** – Enjoys strategy-based games, strengthening problem-solving and decision-making skills.
- **Pop Culture & Entertainment** – Dedicated anime, comic book, and graphic novel enthusiast with a deep interest in superhero lore and movies.
